The Scotdoor Collection

Timber Doors of Distinction

MADE IN GREAT BRITAIN

The Scotdoor Collection

The Scotdoor is the result of over 200 years of experience in the joinery industry culminating in the ultimate entrance door.

With excellent thermal and security performance, the Scotdoor is available in twenty eight designs accompanied by an extensive range of decorative glasses.

Traditional looks with modern technology make Scotdoor perfect for both replacement and new build projects.

Exceptional Performance as Standard

Combining tried and tested Scandinavian technology with traditional British styling, Scotdoors give exceptional performance against the weather and a high level of resistance to forced entry.

Manufactured to the highest standards using high-end CNC equipment to achieve the exact design and sizes required. The composite door slabs and timber frames are made-to-measure and built to your specification. Using one of the leading coating systems in the industry, our doors are supplied fully factory-finished, allowing us to offer market leading warranties.

Supplied fully assembled, including frame, door, glazing, locks and handles, allowing for quick, easy installation.

The Scotdoor range is certified PAS24:2016 and is registered with 'Secured By Design'.

30 YEAR

Door Construction

Frame

As standard: Engineered Redwood
Hardwood option: Grandis
All timber used is FSC® certified

Door

The timber composite door has a bonded sandwich construction providing a high degree of stability, with the aluminium plates acting as an effective moisture barrier. The insulating core gives an exceptional U-Value as low as 0.95W/m2k.

Extruded polystyrene rigid foam insulation plate (XPS)

Vertical veneer

Aluminium stabilising sheet, security and moisture barrier

Vertical veneer

Horizontal veneer

1.5 mm quarter cut veneer for appearance and durability

'U' Values as low as
0.95
